Operating Instructions:

Setting up the BlueBar

1- **Charging**- Connect the *(c) USB charging cable* into a powered USB port. Plug the barrel end of the *(c) USB charging cable* into the *(6) Charging port* on the **BlueBar**. The *(2) Power LED indicator* will illuminate to indicate power flow.

2- **Connect** the included *(b) AudiOHM earbuds (9) 3 .5mm plug* into the *(5) 3.5mm line-in port* on the **BlueBar** and power it on.

3- **Powering** the **BlueBar** ON/OFF

a. **To power ON**- Press and hold the *(2) Power/Play button* for 5 seconds. You will hear a short tone and the *(1) Power LED indicator lights* will flash briefly. When the **BlueBar** is ON, the *(1) Power LED indicator* will flash blue periodically.

b. **To power OFF**- Press and hold the *(2) Power/Play button* for 5 seconds. You will hear two short tones and the *(1) Power LED indicator* lights will flash briefly.

Operating Instructions (continued)**:**

Pairing your mobile Bluetooth device to the BlueBar

Pairing instructions may differ depending on the device you are using. Please refer to your device's user manual for further information.

1- Make sure that your mobile device is within at least 3 feet of the **BlueBar** when trying to pair.

2- Start with the **BlueBar** turned OFF. Press and hold the *(2) Power/Play button* until the *(1) Power LED indicator* flashes alternating red and blue. The **BlueBar** is now in PAIRING MODE.

3- Access the Bluetooth settings in your mobile device and select SEARCH/SCAN FOR DEVICES. Your mobile device will begin to search for a Bluetooth signal.

4- You will see the name **BLUEBAR** appear in the device list. Select it to pair, and if a password or PIN is needed enter the numbers "0000". ***You may have to then select **BlueBar** and press "CONNECT".

5- After a successful connection has been made, you will hear a short tone and the *(1) Power LED Indicator* will begin to flash blue.

Playing music

1- Make sure that your Bluetooth A2DP enabled device is paired with the **BlueBar**.

2- Simply begin playing music on your device and you should hear the music play through the AudiOHMs. Adjust volume, using the *(3) Volume +/- buttons.*

3- You can control music playback via the **BlueBar** with any AVRCP (audio/video remote control profile) enabled device. To play or pause briefly press the *(2) Power/Play button.* You can control track playback with the *(4) Forward/Back buttons.*

Hands-free calls

The BlueBar is equipped with a *(7) Microphone* for hands-free calling. When receiving a call you will hear a tone through your headphones.

1- Answer a call- Press the *(2) Power/Play button*

2- End a call- Press the *(2) Power/Play button*

3- Reject an incoming call- Press and hold the *(2) Power/Play button* for 2 seconds

4- Redial last number called- Press and hold the *(2) Power/Play button* 2 seconds

Using the BlueBar with other devices
Other headsets- The **BlueBar** can be used with any headphones or earbuds that have a 3.5mm plug. Just insert your headphone's 3.5mm plug into the *(5) 3.5mm line-in port* on the **BlueBar**.

Adapting a speaker system for Bluetooth
The **BlueBar** can also be connected to speaker systems with a 3.5mm input. Connect the **BlueBar** via 3.5mm cable (not included) to the 3.5mm AUX input on your speaker. Pair your mobile device with **BlueBar** and begin playing music. You will hear music come through your speaker system when correctly connected.

Troubleshooting:

Why can't I get the BlueBar to pair with my mobile device?
a) Please make sure **BlueBar** is in PAIRING MODE and that *(1) Power LED indicator* lights are flashing. If not, please turn off the **BlueBar** and start from the beginning of Pairing your mobile Bluetooth device to the **BlueBar** instructions.

Why can't I play music via Bluetooth using my mobile device?
a) Please make sure that your Bluetooth mobile phone supports A2DP (advanced audio distribution profile) connection, and that it has been paired properly.
b) Please make sure only one device is paired to the **BlueBar** at a time. When you disconnect a device from the **BlueBar** you will hear two short tones.

Why can't I hear any sound?
a) Please make sure that the **BlueBar** is fully charged and powered ON. When the **BlueBar** is ON the *(1) Power LED indicator* will flash blue periodically.
b) Please make sure that the volume on your mobile device and the **BlueBar** are loud enough.
c) Make sure that your mobile Bluetooth device is within 30 feet of the **BlueBar**. The maximum Bluetooth range may vary in different environments, or with different mobile devices.

Cautions:

- Please only use this product in the manner described in this manual.
- Please keep out of the reach of children.
- Do not expose the unit to dust, water, or extreme temperatures.
- Do not attempt to disassemble the product.
